About

Vector or Photo of me

I am well rounded designer and coder I specialize UI/UX & graphic/web design. I am currently expanding my education to be a Full Stack Software Developer at Salem State University. I will elaborate my front-end and back-end frameworks skills. I am passionate about photography as well and to that on my spare time.

I am Based in Boston, raised & schooled in New York. I am Known for my intricate detailed designs & have a magnificent sense of design. I am enthusiastic dedicated to learn about technology to help the world be better place. I feel fulfilled when I can improve lives, sustainability, climate change, education, empower.
